Ways We Save Our Clients Money

Acumerica encourages you to go entirely paperless. Accounting firms waste ample amounts of time handling paper (filing, shredding mailing, etc.). We take your time incredibly serious, so going paperless is a huge plus for you as our business client! Our system cuts the amount you spend on bookkeeping each month by up to **50%!**

By **automating your accounting department**, we empower you to save on direct/indirect payroll, overhead costs, technology expenses, and much more! Your data is stored on our dedicated secure server in an SAS70 certified data center. We eliminate

your hiring and training headaches, while at the same time utilize our skilled and experienced professionals to handle your daily financial needs. We can also assist you in developing standardized and consistent policies and procedures in order to streamline the accounting process for you.

Additionally, if you own a **scanner and smart phone**, your bookkeeping is done! All of your tax related documents (receipts, invoices, bank statements etc.) will be sent to us in one of three ways:

1. Emailing with attachment
2. Texting with attachment
3. Clicking and dragging the relevant documents from your personal computer into our program (shortcut).

Acumerica offers convenience and efficiency through real-time mobile contact. If there are any inquiries about a particular document, our system allows us to use the computer to contact you via text message to resolve it, meaning you won't have to deal with phone-tag ever again! Instead, you will receive a notification on your mobile device which you can respond to at your convenience.

Once you've gotten used to this process, we will then get you acclimated to our revolutionary **mobile app**! You can connect all of your business credit and bank accounts, allowing the software to track the entirety of your business related expenses for you and automatically relay the information to our systems. Zero effort on your part!
